Q3 2026 Strategic Review

Board of Directors Meeting

September 15, 2026 | Series B | $15M ARR | 120 Employees

C O N F I D E N T I A L

Executive Summary

Key Wins

- Crossed $15M ARR milestone, up 18% QoQ driven by enterprise expansion
- Launched AI Analytics module; 42% of existing customers adopted within 8 weeks
- Closed 3 new enterprise logos (>$200K ACV each), including Fortune 500 financial services firm

Concerns

- Mid-market churn increased to 3.2% monthly (up from 2.1%) — onboarding quality gap identified
- Engineering hiring 40% behind plan; 6 senior roles open >90 days, impacting roadmap velocity

Decision Needed

- Approve $2.5M additional investment in customer success team (8 FTEs) to address mid-market churn before it impacts net retention below 110%. Board vote required.

Key Risks & Mitigations

Risk	Severity	Impact	Mitigation
Mid-market churn acceleration	HIGH	Could reduce NRR below 110%, impacting growth narrative for Series C	CS team expansion (board ask); onboarding overhaul underway; automated health scoring shipping Q4
Engineering hiring shortfall	HIGH	Roadmap velocity at 60% of plan; HIPAA compliance may slip to Q1 2027	Engaged 2 specialist recruiters; adjusted comp bands +15%; exploring acqui-hire targets
CompetitorC Series D funding	MED	Increased enterprise competition expected Q4; potential pricing pressure	Accelerating AI moat; deepening vertical integrations; locking in renewals ahead of competitive push
Macro / budget freezes	MED	Enterprise deal cycles extending 15-20%; 2 deals slipped from Q3 to Q4	Flexible pricing/payment terms; ROI calculator for procurement; multi-year discount incentives

Board Asks

What we need from the board this quarter

1

Approve CS Team Investment ($2.5M)

Vote Required

8 additional FTEs across Customer Success, onboarding, and support. Required to address mid-market churn before it impacts net retention below 110%. Payback expected within 9 months via retained revenue.

2

Introductions to Enterprise Prospects

This Quarter

Board network activation for 3 target accounts: MegaRetail, HealthFirst Systems, and Pacific Financial. Combined TAM of $850K ACV. Warm introductions to CTO/CIO level contacts.

3

Series C Timing Discussion

Discussion

With 16.7 months of runway and clear path to breakeven, discuss optimal Series C timing. Management recommends Q2 2027 raise at $20M+ ARR for strongest valuation leverage.
